COMMUNITY POLICING DEPARTMENTS

Are you still training your recruits in the traditional San Jose FTO Model of Policing? If YES!!!! Become part of a growing number of departments throughout the country, from California to Virginia... who are now utilizing a new community policing philosophy of training new recruits.

This Police Training Officer Program is an alternative to current field training officer programs. This program is designed to train Supervisors and Officers... to be able to incorporate contemporary adult educational methods and a version of problem-based learning (PBL) adapted for Police Recruits and Police Organizations alike. This program is the final product of collaboration between the Reno Police Department, the COPPS office, and the Police Executive Research Forum (PERF).

All, of our instructors are PTO and PBL certified and will teach in various topics including;

- | | |
|--------------------------------------|------------------------|
| -Program Structure, Goals and Duties | -Liability Issues |
| -Problem Based Learning | -Leadership Skills |
| -Teaching Techniques | -Facilitating Learning |
| -Adult Learning Issues | -Evaluation Methods |

If you have any questions please call, Paul R. Laferriere @ 978-771-0236
